

Thule Vision 850 / Abmessungen

Technical approval:

TÜV/ GS DIN 75302 (Germany).

Materials:

100% ABS, recyclable and UV light resistant.

Colour:

See above.

Production method:

Vacuum moulded.

Mounting information:

Variable mounting system with snap fasteners fitted to the bottom of the box, which makes it simple to fit and remove the box. The distance between the load bars can be varied between 550 and 1050 mm.

Locking mechanism:

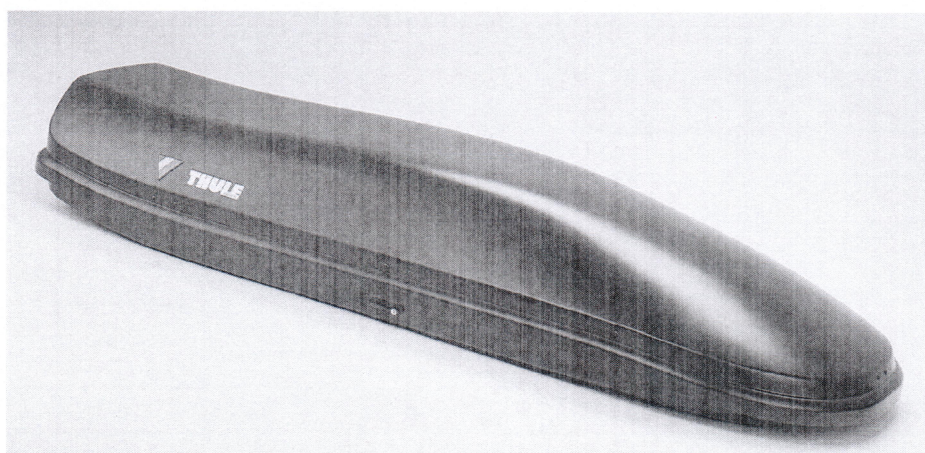

Patented Dual Side system enables the box to be opened from either the left-hand or the right-hand side. The safety system enables the key to be removed only if the box lid is properly shut.

Dimensions - weight:

	Outside dimensions
Length (mm):	2325
Width (mm):	900
Height (mm):	370
